

CTLR certifies Cattlemen's Texas Longhorn Certified Beef to qualifying member producers. Fee for this member benefit is an initial one-time \$500, with an annual \$1 per head marketed under the CTLR seal. This professional-level fee is designed to ensure reputation of Texas Longhorn beef quality in the marketplace.

The fee will be waived for any applicant that obtains another third-party production standards certification including but not limited to: American Grassfed Association, Audubon Certified Bird Friendly, Certified Humane, Food Alliance, Global Animal Partnership, IMI Global, and Savory Ecological Outcome Verified. Non-quality physical claims such as Go Texan, or other breed registries' pedigree certifications will not qualify a member for the fee waiver. Beef Quality Assurance certified producers will be considered on an individual basis upon an audit of records and production practices.

Quality is subjective and hard to gage, other than holding the breeder bound to marketing longhorn genetics and not passing off some other breed as longhorn under the use of our seal. Minimum qualifications include:

- Product marketed must come from Texas Longhorn genetics.
- Member raising the cattle must provide a written farm plan that discloses production practices.
- Farm may be audited for grazing quality, animal welfare, supplemental feeds receipts and feed tags.

The CTLC Trademark is a single-color mark. Licensee may change the color of the mark to compliment labels, packaging and marketing materials without breaching the licensing agreement, so long as the structure and wording in the mark remain exact as the mark granted.

AGREEMENT

LICENSE

1. GRANT OF LICENSE. The parties agree to the above Acknowledgements, the representations of which shall be a part of this Agreement. Subject to and on the terms of this Agreement, Licensor grants to Licensee a non-exclusive, non-transferable

license to use (expressly with no right or authority to transfer, sublicense or assign whether in whole or in part) the Licensed Mark solely on the Product worldwide (the "Territory") for the term set forth in Section 4 (the "License"). The Licensed Mark shall be used in its entirety without alteration, derivation or derivative marks and solely for Licensee's marketing of the Product, including point-of-sale, website, social media platforms and beef labeling (the "Marketing Materials").

2. LICENSE FEE. Upon execution of this Agreement, Licensee shall pay to Licensor the sum of Five Hundred Dollars (\$500.00) as consideration to Licensor for entering into this Agreement. Annually thereafter (calendar year), Licensee shall pay to Licensor the sum of One Dollar (\$1.00) for every head of cattle marketed in whole or in part with the Licensed Mark by Licensee. The calculation of heads of cattle shall not be on a cumulative basis. This fee shall be paid on or before January 31st in the full amount due for the preceding calendar year. Licensee shall provide to Licensor on or before each January 31st a full and complete statement of account in sufficient detail as to permit Licensor to determine and track the specific head of cattle and the days included within such statement.

STANDARDS

3. QUALITY STANDARDS. Licensee represents and agrees that it is fully aware of, knowledgeable in and shall conform to Licensor's quality standards including transparency in disclosure of all claims of production practices for use of the Licensed Mark and anything marketed thereunder. Licensee agrees that the current level of quality of the Product meets Licensor's standards. Licensee agrees to maintain such quality standards for the term of this Agreement and thereafter for any Product then in the marketplace and still then being marketed. Licensor may, from time-to-time, request in writing specimens of the Product or product production practices documentation to assess the level of consistency and quality of the Product and to ensure that Licensee maintains the consistency and quality of said Product consistent with Licensor's standards throughout the term of the Agreement. Licensee shall promptly provide such specimens and documents at no cost to Licensor. If at any time Licensor determines that the Product bearing the Licensed Mark fails to conform to Licensor's standards, Licensor shall so notify Licensee in writing and the Licensee shall correct the non-conformance and provide a corrected specimen of or documentation regarding the Product or Marketing Materials to Licensor for its determination within ten (10) days from the written notice from Licensor regarding such non-conformance. Maintenance of Licensor's standards relating to the Licensed Mark and anything marketed thereunder are agreed to be of such substantial importance to Licensor that the failure to so provide such specimens and documentation shall be a breach of this Agreement, as shall be any failure to conform to such standards.

4. MARKINGS. Licensee will cause the Licensed Mark to be displayed only in such form or manner as may be approved by Licensor. Licensee will also cause to appear on all Marketing Materials on or in connection with which the Licensed Mark is used such

legends, markings and notices as Licensor may reasonably request in order to give appropriate notice of any trademark, trade name or other rights. No other markings, legends or notices may be used by Licensee except as approved by Licensor in writing in advance of such use.

5. COMPLIANCE WITH LAW. Licensee shall at all times be and remain in full compliance with any and all applicable federal, state and local laws and regulations governing the Product and Marketing Materials in the Territory or parts thereof in which the Product is procured, raised, transported, slaughtered, packaged and marketed (the "Licensee Business"). Licensee shall indemnify, defend and hold harmless Licensor from and against all liabilities, costs, and damages arising out of or related to any Licensee Business. Licensor shall have no responsibility, liability or obligation with respect to the Licensee Business. Except as may be provided in this Agreement for the grant and maintenance of the License, Licensor shall have no input regarding any aspect of the Licensed Business, Licensee shall not defer any action to counteract or take any action that expressly or impliedly would suggest that Licensor is involved with any of the Licensed Business, and the conduct of the Licensed Business shall be and remain in the sole control of Licensee.

OWNERSHIP

6. OWNERSHIP OF LICENSED MARK; USE. Licensee acknowledges and agrees that Licensor is the sole and exclusive owner of the Licensed Mark. Except as prohibited by law, Licensee agrees that it will do nothing inconsistent with such ownership either during the term of the Agreement or afterwards. Licensee shall use the Licensed Mark in a manner that does not deviate from Licensor's rights in the Licensed Mark and will take no action that will interfere with or diminish Licensor's right in the Licensed Mark. Licensee agrees that its use of the Licensed Mark shall inure to the benefit of and be on behalf of Licensor. Licensee acknowledges that the Licensed Mark is valid under applicable law and that Licensee's utilization of the Licensed Mark will not create any right, title or interest in Licensee in the Licensed Mark. The Licensee shall use the Licensed Mark so that such trademark rights are a separate and distinct impression from any other trademark that may be used or affixed to the Product, their associated documentation or Marketing Material. Except as permitted in this Agreement, Licensee agrees that it will not adopt or use the Licensed Mark or any derivation thereof as part or all of any business name, trade name, trademark, service mark or certification mark, either alone or in combination with other words, or any other mark based on the Licensed Mark or any designation confusingly similar to the Licensed Mark.

7. NON-ASSISTANCE. The Licensee agrees not to apply or assist any third party to register or use the Licensed Mark, any derivative mark or a confusingly similar designation anywhere in the world. If any use or any application for registration is or has been filed by or on behalf of Licensee in any country and relates to any mark which, in the sole opinion of Licensor, is confusingly similar, deceptive or misleading with respect to, or dilutes or any way damages the Licensed Mark, Licensee shall, at Licensor's request, immediately abandon all use of such mark and any registration or application

for registration thereof and shall reimburse Licensor for all costs and expenses of any opposition or related legal proceeding, including attorneys' fees, instigated by Licensor or its authorized representative.

Examples of breaches shall include by way solely of example but are not limited to: (a) Licensee's use in any manner of the Licensed Mark inconsistent with the License granted under this Agreement, or otherwise contrary to the provisions of this License; (b) Licensee's challenge to Licensor's ownership of the Licensed Mark or the validity of the Licensed Mark; or (c) failure of any Licensee Product or Marketing Material to meet Licensor's quality standards or trademark policy as determined from time to time by Licensor.

11. EFFECT OF TERMINATION. Upon termination of this Agreement by Licensor for cause, Licensee shall immediately cease any and all use of the Licensed Mark and remove certified product from marketplace. Upon termination of this Agreement without cause, or upon expiration of this Agreement without renewal, Licensee shall cease any and all use of the Licensed Mark on Marketing Materials and current and future Product. Licensee further agrees that it will not thereafter adopt, readopt or use any trademark, service mark, trade or corporate name or business title, or other indicium of origin, or any derivatives of any of the foregoing, which consists of, or includes therein, the Licensed Mark or any portion thereof.

12. SURVIVABILITY. The obligations of Licensee under this Agreement, except for the obligation pay any annual per head fee, shall survive any expiration or termination of this Agreement.

13. TRADEMARK INFRINGEMENT. If Licensee learns of any use by any person of a trademark or trade name similar to the Licensed Mark, Licensee shall immediately notify Licensor of such use. Should Licensor request the assistance of Licensee in conjunction with any action, Licensee agrees to cooperate fully with Licensor as reasonably requested by Licensor.
